IISD-ELA is asking Canadian high school students to submit an essay or visual entry in which they:

1. Research a freshwater lake from anywhere in the world.
2. Explain the potential impacts of climate change on that lake over the next 50 years.

The top entries from both categories will win an all-inclusive trip for two to IISD Experimental Lakes Area!

Eligibility:
Resident of Canada, in Grades 9-12 and returning to school in Fall 2019.
