IISD Whistleblower Policy

This policy covers the steps to take when you feel you have identified or observed conduct in the organization that contravenes the Code of Conduct.

As IISD Board Directors, employees, volunteers, associates, and consultants (“Representatives”), we are usually the first to be aware of any conduct that may be unethical, illegal, or fraudulent, and we must be able to raise legitimate issues in an open and honest way without fear of negative consequences.

Procedures

Reporting

If you believe, in good faith, that you have uncovered or observed evidence that indicates conduct that is in serious breach of company policy, unethical, illegal, or fraudulent, you are required to report that conduct and the supporting evidence to an immediate supervisor.

If it is not possible or appropriate to report the information to an immediate supervisor or the Human Resources team, the information should be reported directly to the President and CEO. If it is not possible or appropriate to report to the President and CEO, you should report it directly to the Chair of the Board of Directors.

Any questions or concerns regarding dissatisfaction at the workplace should be reported to the Human Resources team.

Supervisors are responsible for receiving reports of misconduct from employees or external clients in confidence and for immediately forwarding such reports to the President and CEO.

In situations where you prefer to place an anonymous report in confidence, you are encouraged to use the Ethics hotline, EthicsPoint, hosted by a third-party hotline provider, NavEx Global.

You may use any of the following three methods to submit a report:

1. Select the “**Make a Report**” link on the [EthicsPoint web page](#). The web page is hosted on a third-party server and therefore is completely confidential.

Confidentiality

Confidentiality is assumed unless you agree that your identity may be revealed. Any and all information collected under this policy or through the investigative process will be held in confidence, except where disclosure may be necessary to further the investigation or as required by law.

Investigating

All concerns raised under this policy will be dealt with promptly. Your concerns will be discussed with you to help determine what action to take.

- The ethics committee is responsible for receiving reports of misconduct and will:
- Assess the situation to make a determination of the process of investigation to be followed.
- Alert the President and CEO or, alternatively, the Board Chair of each disclosure.
- Determine whether external authorities should be notified.
- Lead the internal investigation process.
- Send a report to the President and CEO or, alternatively, the Board Chair with the results of the investigation to determine appropriate action.
- Implement actions to resolve the issue and ensure procedural or policy changes that may be necessary to prevent a recurrence.

- Develop and prepare, in consultation with the most appropriate senior authority, a communications strategy for internal and external use regarding the misconduct and/or investigation.
- Provide any information or follow-up as required by executive management, external authorities, or agencies.

In carrying out these responsibilities, the President and CEO may, at their sole discretion, involve legal counsel and/or independent audit representatives throughout the process.

All parties affiliated with IISD are required to cooperate with the investigation of incidents under this policy and, if necessary, will be granted paid time off to do so.

Penalties

If a legitimate concern is raised but proves to be unfounded upon investigation, no action will be taken against the reporter.

Anyone who retaliates (through actions such as intimidation, harassment, financial penalty, or other threats) against an employee who has reported a concern in good faith will be subject to disciplinary action.

Anyone who makes false and/or malicious accusations or who raises concerns for personal gain will also be subjected to disciplinary action.

These policies are established and maintained to set the rules of behaviour and to create a positive and safe working environment.

Additional requirements

In addition to our current policies, IISD requires that all Representatives adhere to the following safeguarding standards:

- Representatives will not engage in any form of sexual abuse or exploitation of any person of any age.
- Representatives will not have sexual relations with any person under the age of 18.
